

Support Our Team

The Davidson County Revolution Composite Middle and High School Mountain Bike Team started their inaugural season in spring of 2017. We compete in the spring where NICA-sanctioned races provide student athletes an arena for student-athletes to set and accomplish competitive goals and achieve their personal best. The North Carolina League schedules five races held throughout the state. Professional race promotion, timing, course preparation and risk management guarantee every participating student-athlete is given a fun and fast environment.

The North Carolina High School Cycling League was organized in 2015 to provide a fun, safe and high quality mountain biking program for students in grades 6 to 12. Regardless of ability level, the North Carolina League is committed to providing a positive experience for all student-athletes in accordance with NICA's Five Core Principles: **Inclusivity, Equality, Strong Body, Strong Mind and Strong Character**. In turn, North Carolina's goal is to create life-long cyclists who are conscientious, responsible and empowered.

REVOLUTION'S MISSION

- Fills a niche for students who may not thrive athletically within the boundaries of traditional interscholastic sports
- Gets kids outdoors
- Welcomes and supports diversity in ability, ethnicity, gender, orientation, and skill level
- Promotes trail-building efforts and environmental awareness
- Improves focus and academic performance in our student-athletes
- Promotes health and fitness in teens and their families
